Who Are We?

Intellilocus™ IP Services is an IP boutique devoted to the core of Intellectual Property practice. We are committed to providing end to end IP services from ideation to expiration, as we say it.

Intellilocus™ is the brainchild of zealous engineers and patent agents who have profound passion for technology and innovation.

The term - Intellilocus™ comes from “Intelli” meaning intelligence and “locus” which means center or focus of great activity or intense concentration. This implies that our firm is a place where all your needs related to any creation of mind i.e. intellectual property will be satisfied.

We provide an array of services under one roof; be it IP filing, prosecution, litigation, management, monetization, strategy designing or implementation.

IP broadly covers patent, trademark, copyright and design assets amongst many other things whose potential you can tap for gaining a competitive advantage in this rapidly evolving market.

Headquartered in New Delhi, Intellilocus™ is a people oriented firm which goes by the principle of uniqueness to cater to everyone's different requirements.

We are committed to developing strong client relationships, engaging the most professional minds and providing you excellence in work.

Investment of time and energy in any project after gaining a thorough understanding of client's requirements is of prime importance to us for achieving solution based goals for clients.

We never compromise on quality and always deliver on time and that is what makes us stand out from the crowd.

“ Get
a good
idea, and
stay with it.
Dog it,
and work
at it until its
done, and
done right.

- *Walt Disney* ”

Our Business Perspective

Mission

To empower every individual & company to maximize the value of their intellectual property and harbour innovation in every mind.

To spread awareness on importance of IP and help build a knowledge oriented economy.

Vision

Aiming towards global growth in IP sector while providing quality and niche services at an affordable price.

Core Values

There are certain set of values which define our work ethics and philosophy. These do not change but only add- on over a period of time.

- ☞ Transparency: This includes one to one talks with our clients to yield the best results and understanding of their requirements. We ensure the process flow is communicated to the client to avoid any lags.
- ☞ Value time: Time is money; principle we believe in-house and for our clients by sticking to our deadlines.
- ☞ Integrity: There are certain values which do not change irrespective of time and age; honesty, integrity and ethics are one of those. Upholding them under all circumstances is the way we operate.
- ☞ Quality: Maintaining quality of our work forms one of our topmost priorities when we take up an assignment. We do not compromise on excellence and this is what sets us apart in a competitive environment.
- ☞ Solution oriented: We provide our clients with the best solutions in the industry under tested times for their issues. When we take up any project, our clients can have our word to stand by them till we reach a viable solution exclusively designed for them.

“

Innovation
distinguishes
between
a leader
and
a follower.

- *Steve Jobs*

”

Why Hire Us?

We are not here to draw parallels or comparisons with others in the industry; our manner of working is what matters to us and our clients. With a set of values on which we rest, you can rely on us for any IP related requirement. Here are a few reasons what consistently sets us apart:

- œ We deliver the best quality services at affordable prices
- œ Confidentiality is of paramount importance in our field and we take all possible measures to ensure there is no breach
- œ Our turnaround time is low and we give flexibility to our clients
- œ We are passionate about innovation and giving long term solutions
- œ We, being at intersection of law, science and management can provide you end to end solutions and work along with you rather than for you
- œ We hear our clients' problems at length; understand the nature of problem and then get on to find a solution to it
- œ Dedicated team of experienced professionals

Whom We Cater?

Our client range includes Corporates, Law firms, SME/MSME, researchers from any field, independent inventors & authors, publishers, startups, individuals, attorneys, government organizations and academic/research institutes.

We also undertake patent off shoring projects.

“

Never
innovate
to compete,
innovate
to change
the rules
of the
game.

- *David O. Adeife*

”
